Base Pages

- (2) Base Papers or Cardstock
- (2) 8" squares that will sit rotated (be careful with directional prints).
- (2) 10" squares OR (4) 5" squares cut into two triangles each = 8 triangles

1. If using a 10" square, adhere it centered in the middle of the base paper. If you're using 5" squares cut into triangles, skip this step.
2. Adhere the 8" square in the middle of the base paper. The points will line up with the 6" mark all the way around your 13" x 13" cutting mat. (Or, if you used a 10" square, it will layer on top of that.)
3. Adhere the triangles around the 8" squares.
4. Adhere a border sticker or punched border down the center of the 1" strips and adhere down the center of the layouts.
5. Adhere the 6" x 8" mat on the left and the 4" squares on the right as shown.
6. Create banner tags from 2" x 2-1/2" and 2" x 1-1/2" rectangles and adhere in the left corner.
